

User Manual for Registration of IMEI No of Tablet

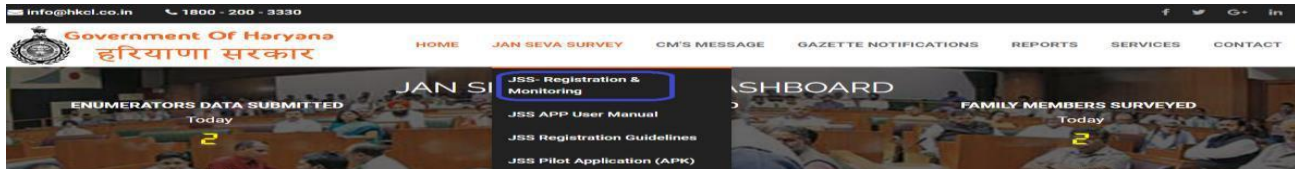

Purpose: This manual will guide ground functionaries to register IMEI number of tablets / finger print devices with registered enumerators.

Process of Mapping IMEI No of Tablet with Enumerator:

Step1: Launch the browser, Enter Url <http://jssharyana.gov.in/JSSdesign/index.html> JSS Dash board will be displayed.

Step2: Click on “JAN SEVA SURVEY” button, List will be displayed.

Step3: Click on “JSS PULSE-Registration & Monitoring” button, It navigates to “Login” screen

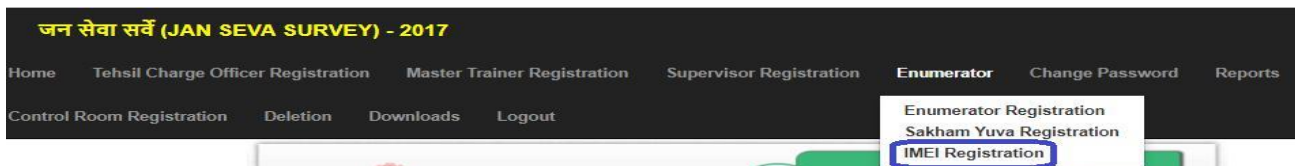

Enter User name, Password, Enter Captcha and click on “Log in” button, It navigates to “Reports” screen

Step4: Click on “Enumerator” button, below options should be displayed:

- Enumerator Registration
- Saksham Yuva Registration
- IMEI Registration

Step5: Click on “IMEI Registration” button, system will navigate to “IMEI Registration” screen

Step6: Enter Enumerator Aadhaar number, Tab IMEI, Device S.No.* and click on “SUBMIT” button. Alert message will be displayed and reads like “Details added successfully”

Note:

1. If enumerator enters already registered Tab IMEI, Device S.No.* details, Alert message will be displayed and reads like **“Someone already submitted these details. Try again”**
2. If any of the ground functionaries other than registered enumerators / supervisor (i.e. Supervisor, Charge Officer, Master Trainer, Unregistered enumerator) tries to register IMEI no of a tablet / finger print device, alert message will be displayed which reads like **“Your Aadhaar number not registered as Enumerator. Please register as enumerator and try again”**
3. Only enumerators can register their **Tab IMEI, Device S.No.* details**
