

COMMISSIONER'S MESSAGE

In the present era of Information Technology, a website is increasingly important source of information dissemination and communication. This website will be another milestone in bringing the administration to the citizens "doorsteps" besides ensuring transparency. The National Informatics Centre, Gurgaon has done pioneering efforts in developing and hosting this official website of District Gurgaon for which it deserves kudos.

I congratulate the District Administration, Gurgaon and NIC's officers for their efforts.

Divisional Commissioner
Gurgaon Division, Gurgaon
